

*Draft - MSC: Yec (20 Dec 62)*

**MEMORANDUM FOR: Chairman, President's Foreign Intelligence  
Foreign Intelligence Advisory Board**

1. In compliance with the request contained in your letter of November 14, 1962, asking for a review on an all-source, all-Agency basis, of the actions taken and the results obtained within the Intelligence Community during the six-month period preceding October 14, 1962, I attach my report.

2. The preface of the report indicates the manner in which it was prepared. There is a tremendous mass of information of all sorts from which we have attempted to develop those matters we believe of primary interest to the Board.

3. It is quite possible that there are some areas in which you will want additional information, and it is also quite possible that there are some points of interest to you which we have not covered at all. We are prepared to expand in greater detail on any matter <sup>general</sup> coming within the/purview of the Intelligence Community, and I think that such matters can best be brought to our attention during the meeting of your Board on 27 - 28 December.
